Isaiah chapter 55 reveals how God sends His word to the earth and it will not return to Him in heaven until it accomplishes the task it was sent to do. Please read the words God has spoken through His prophets for North Dakota and believe those words are still in the earth waiting for someone to believe them and declare them and pray them into existence. The time is NOW! They will remain in the earth until someone decides to cooperate with God because they will not return to heaven void and empty-handed.

God's Plans for North Dakota

God is speaking – will we listen?

What is God saying to North Dakota?

- “Set My people free”. That is the cry of His heart.
- “Come out of Babylon”. Don’t be controlled by religion and other worldly systems any longer.
- Seek clear revelation of the purpose for the Ekklesia (the Greek word for church)
- Come into maturity in preparation to disciple nations. The Kingdom of God must become our focus
(Matthew 28:19-20)
- Jesus is revealing Himself as the Lord of the harvest
- God is doing a new thing in the earth (Isaiah 43:19) starting in North Dakota. It will be a pattern or model for other states and other nations. There is a direct connection with the Black Hills.
- We are fighting for our rightful inheritance, our promised land, our families, our cities, our states, our nations.

What happens if we hear and obey?

- People will be free to be who God has called them to be
- A mature Ekklesia will arise, hearing the voice of God and obeying Him
- A pattern or model will emerge that the mature Ekklesia located in other states and nations can use to understand strategic direction from God for their own regions. That model or pattern is Jesus, and Him alone.
- The mature Ekklesia will be Kingdom of God focused, rather than “church” focused
- What happens in North Dakota will be connected to the Black Hills and will flow across the nation and the nations of the world.
- Population of North Dakota will increase in order to advance God’s Kingdom in ND
- Great joy will come to this state
- We receive our inheritance which is the fulness of Jesus in every area of life
- God’s glory will be seen through us in all cultural areas of society including godly government, schools, etc.
- Divine unity
- Bismarck becomes a communications and distribution center for the rest of the nation in the things of God

Why North Dakota?

North Dakota –where the geographical center of North America is located

Strong connection with the Black Hills of South Dakota where the geographical center of the USA is located

Jesus was revealed as a Shepherd when He came to earth the first time. He is now revealing Himself to us as the Lord of the Harvest. What better way than through farmers.

North Dakota is the leading producer of wheat in the nation. Jesus is the Bread of Life, and He was born in Bethlehem, which means House of Bread.

North Dakota displayed the invite of “Discover the Spirit” on their license plates and state entrance signs for years. It meant to discover the spirit of North Dakota, but God’s people meant it to discover the spirit of the Living God in North Dakota.

The most important thing is what God wants to do in us, before He can work through us! We need His heart!
